

Sightgard® Vertoggle™ Safety Goggle/Faceshield Combination

The Vertoggle offers a high-performance goggle with mounted, compact faceshield that provides complete eye and face impact/splash protection.

The unique articulated lift-front retains the shield on the goggle. Five shield positions keep it where you want it—when you're working. Plus, the entire assembly was tested to ANSI/ISEA Z87.1-2010 faceshield impact speed (300 ft/sec), rather than goggle speed (250 ft/sec)!

Classification:	Splash and impact
Market(s):	Construction, food and beverage, general manufacturing and industry, mining, oil and gas, pharmaceuticals, primary metals, transportation, shipbuilding
Application(s):	Cleaning, chipping, chiseling, drilling, grinding, machining, painting, power washing, sanding, sawing, splash
